Wildwood School Closing

There are times that the Wildwood School may be closed due to an emergency or inclement weather. If this happens we use two methods to alert parents, CSE Chairs, and school district and contracted transportation companies (school buses), **One Call Now** and the **School Closing Network**.

One Call Now - Wildwood School uses the One-Call-Now emergency notification system to alert families when there is an emergency or weather-related issue. This notification system is the best, most efficient way for us to communicate with you regarding an emergency. Please be sure the school office has the most up-to-date contact information for you and your family. In order to sign-up for a text message alert you must follow this procedure:

If you want to receive a text message from the one call now system:

text: **ALERT to 22300**

that will activate your cell # in the system

We also use the **School Closings Network** if Wildwood School is closed due to an emergency or inclement weather. The following media outlets will list Wildwood School if we are closed:

It is also important to note that if your school district is delayed or closed, that will affect your students' transportation. If your school district is closed and Wildwood School is open, **you may transport your student to school, but you must also pick them up**, there will not be a bus from your school district to bring them home.
