Parents and Guardians,

In an effort to keep a healthy balance between students attending in-person instruction and our fluctuating staffing levels, we have developed an alternative plan.

There are many issues contributing to our staffing challenges, however there are instances on some days when we can better predict the staffing in advance. Instead of closing a program level or a program site, we will begin shifting the classrooms with critically low staffing levels to remote instruction for that day. We do not plan to use this solution on a regular basis but only when it is absolutely needed. The School District Committee on Special Education and Transportation Department/Companies will be informed to not transport a student from the identified classroom on the specified day. The student's transportation and program will resume the next day.

Thank you for your flexibility and patience throughout these challenging times. As always, our goal is to stay open for in-person instruction as much as possible. Please feel free to contact me with any questions.

Wilford M. LeForestier Jr.
Director of Education
Wildwood School
