

Good Morning Wildwood Community,

I know that this has been an unprecedented and challenging school year for our students, staff and families. We will continue to provide the Hybrid 1 instructional model for the remainder of the 2020-2021 school year.

We are still experiencing inadequate staffing patterns and COVID-19 related challenges that just do not allow us to support five day, in-person instruction for Intermediate, High School, and YAP classrooms. Currently we have 10 open Teaching Assistants positions. We have been actively recruiting for this position for the entire school year. In order to maintain the health and safety of all of our Wildwood Community, we must remain in this instructional model, and hopefully it will give parents time to make necessary arrangements for childcare. If a letter is needed for your employer, stating this information, please let me know and I will get that to you.

We also will be making an announcement on or before May 15, 2021, on the status of our 2021 extended school year (ESY) summer programming. This will be communicated to all parents, staff, and school districts via email and be posted on our school website. We will definitely be providing an ESY program this summer, how the programming will look, depends on a number of different factors.

When the summer plan is finalized, it will be communicated to all. If you have any other questions or concerns please let me know. Please reach out to me directly if you would like to discuss this further. Thank you.

Bill
