Dear Wildwood School Families,

1-21-21

We learned Today that a staff member at our Curry Road site tested positive for COVID-19.

We have been working closely with the Albany County Department of Health and with their guidance have determined that no further action needs to be taken. No one at school was a direct exposure. It was not recommended to close the school and we will remain open for instruction in our Hybrid 1 model.

Please know that nothing is more important to us than the health and safety of your children. We continue to follow the recommendations of our local health departments, who have been outstanding partners.

If you have any questions, please do not hesitate to contact me.

Wilford M. LeForestier Jr.
