Good afternoon Wildwood School Families,

It has come to our attention that a staff member from Curry Road tested positive for COVID-19 on February 7, 2021. Unfortunately, by the time we were notified of the positive case, the students and staff would have been in the last day of their mandatory quarantine. The reason for the delay in communication was due to the staff member having an initial test that came back negative and a second test came back positive. The quarantine dates would have been from 1-31-21 - 2-7-21 at midnight. Since the quarantine window has already passed, there is no need to quarantine. We are unaware of any other positive tests associated with this exposure. If your child shows any symptoms related to COVID-19, please contact your primary physician for guidance.

In an effort to improve communication and increase transparency, we wanted to make you aware of the situation. If you have any questions, please feel free to contact me. Thank you.

Wilford M. LeForestier Jr.
