Dear Wildwood School Community,

Today, Wednesday March 17, 2021, Wildwood was informed and confirmed that one member of the school community has tested positive for COVID-19. This individual who tested positive and those who were exposed, will not return to the school until completing a mandatory quarantine. The exposure happened on March 9, 2021, at Curry Road, in Class 8. Those students will return to school on Tuesday, March 23, 2021. Monday is a remote day for that classroom.

We have begun contact tracing and school administration will be reaching out to staff and parents who were in close contact with that individual, and will also advise on the need to quarantine. Wildwood School will continue to be open, utilizing our Hybrid 1 model, with the exception of this classroom and all individuals that are quarantined.

School CSE's and School Transportation Companies, will be contacted directly, if any of their students were affected.

If you have any questions, please contact me at your earliest convenience.

Sincerely,

Wilford M. LeForestier Jr.  
Wildwood School
